What Is ICE Poker?

ICE Poker is a Metaverse [poker](#) game where you can earn \$ICE token rewards, high-ticket prizes, rare skins, and digital collectibles by:

- Winning tournaments.
- Completing daily challenges.
- Managing an ICE Poker team for a reward split.

Definition \$ICE is an in-game currency you can trade for other tokens or use to buy various things in ICE Poker.

Every time you level up, you'll also earn a chest that contains mystery prizes (more info on that later).

Whether you're a poker beginner or a seasoned vet, you'll have a fun experience playing.

Diamond Hands Thursday poker night

Platforms

Play at home or on go! ICE Poker is available on 2 platforms:

- **ICE Poker Metaverse:** Immerse yourself into the virtual world of Decentraland for a unique poker experience. You can play in your desktop browser or on the desktop app. To download the app, go to [Decentraland's site](#).
- **ICE Poker Arcade app:** Play on any mobile, desktop, or tablet browser with no download needed. You can also play multiple tables at once with our multi-table feature. Check out the [Arcade app](#) now.

All of your rewards and in-game items work across both platforms.

Game Modes

ICE Poker has 3 game modes:

- Free Play Mode
- Challenge Mode
- Arcade Mode

Game Mod

Free Play Mode

Play free poker and level up to earn prizes!

Receive free chips to play each day, complete challenges, and increase your chip stack to level up and get ICE Poker Chests. Free Play Mode is perfect for learning the ropes, testing out new strategies, or growing your ICE Poker level.

Learn more about Free Play Mode:

- [ICE Poker Arcade: Play Free Poker, Level Up, and Earn Prizes](#)

Challenge Mode

Challenge Mode is similar to Free Play Mode but you also earn \$ICE tokens.

Receive free chips to play, and earn \$ICE or Banked ICE for completing challenges and ranking high on the daily leaderboard. Aside from playing, you can also recruit other players to join your ICE Poker team. Manage and grow your team to earn a share of your players’ rewards.

Definition Banked ICE is an in-game currency you can use to redeem various discounted prizes or use to play blackjack, roulette, and cash poker.

Learn more about Challenge Mode:

- [What Is ICE Poker Challenge Mode?](#)

Arcade Mode

Arcade Mode is our [Sit and Go \(SNG\) tournament](#) game mode.

Test your poker skills and compete in 6-player, single table tournaments. If you place top 2 in any tournament, you'll win badges that you can use to redeem for prizes in the Prize Shop such as iPhones, MacBooks, high-value NFT collections, raffle tickets, and more.

Along with winning prizes, you can also rise up the Tournament Leaderboard to win bonus daily, weekly, and monthly rewards. \$10,000 in rewards are up for grabs each month.

ICE Poker Arcade Shop

To enter a tournament, you spend Shine.

Definition Shine = tickets to enter tournaments in Arcade Mode.

Shine entry varies for different game modes and special events. If you place 1st in a tournament, you'll also win your Shine entry back.

Shine is stored on your ICE Poker wearable (next section). You buy more Shine to add to your wearable by spending \$ICE on the [DG Account page](#) or [ICE Poker Arcade app](#).

Learn more about Arcade Mode:

- [ICE Poker Arcade Mode Explained: What Is Arcade Mode?](#)
- [How to Start Playing ICE Poker Arcade Mode](#)
- [ICE Poker Sit and Go Leaderboard Competition and Rewards](#)
- [ICE Poker Sit and Go Tournament Schedule and Formats](#)
- [How to Play Sit and Go Tournaments for Beginners](#)

Wearables

ICE Poker wearables are virtual clothes and skins you equip to play ICE Poker with.

ICE Poker All Access wearables

Wearables come in various rarities and themes. Be a pirate, spartan, chef, gecko, and more!

Personalize your look: mix and match different pieces, collect a full set of your favorite outfit, or collect rare limited edition wearables.

You can buy, earn, or borrow wearables to play. There are currently 2 types of wearables that give you access to different game modes and platforms:

- **Arcade wearable:** Get access to the ICE Poker Arcade app and Arcade Mode in the Metaverse. New Arcade wearables come with 9 Shine and are a low-cost entry point to start playing.
- **All Access wearable:** Get access to all game modes and platforms for the full ICE Poker experience. You can also upgrade All Access wearables to earn more rewards and get exclusive perks.

Wearable Typ

In ICE Poker: you own all your items.

Wearables and game items are NFTs that belong to you. You can equip them to play ICE Poker, collect them, sell them, trade them, lend them out to create your own poker team, or take them with you to use in other games.

Shine

Shine can be added to both Arcade and All Access wearables. You buy more Shine to add to your wearable by spending \$ICE on the [DG Account page](#) or [ICE Poker Arcade app](#).

Learn more about ICE Poker wearables and Shine:

- [ICE Poker Wearable Types Explained](#)
- [How to Get an ICE Poker Wearable](#)
- [How to Upgrade Your ICE Poker Wearables to Earn More Rewards](#)

Player Levels

Play, earn points, and level up to unlock special features.

ICE Poker level menu in the Player Hub

All players start at level 1. You can earn points by playing any game mode.

- **Free Play Mode:** Earn points by winning hands, completing challenges, and increasing your chip stack.
- **Challenge Mode:** Earn points by winning hands and completing challenges.
- **Arcade Mode:** Earn points by winning hands and placing high in tournaments.

You'll get a chest that contains randomized prizes every time you level up. As you level up, you'll also increase your rank which will unlock exclusive perks in the future.

Learn more about ICE Poker Levels:

- [ICE Poker Player Level: What are Levels and How to Level Up](#)

Chests

Unlock chests for exciting prizes such as badges, rare wearables, emotes, and more.

Your player level determines the chances of what type of chest you get. The higher your level, the higher chance of you scoring rarer chests and bigger prizes.

Learn more about ICE Poker Chests:

- [ICE Poker Chests: Unlock Exciting Prizes](#)

Accessories

ICE Poker accessories are cosmetic items that you can further customize your avatar with.

Important Equipping an accessory doesn't give you access to ICE Poker or increase your gameplay rewards.

You can choose from various accessories such as hats, chains, and rings. Accessories come in 3 tiers:

- **Low Tier:** Accessories with a supply of 1,000 items that costs 1,000 \$ICE each.
- **High Tier:** Accessories with a supply of 100 items that costs 10,000 \$ICE each.
- **High Roller:** Exclusive accessories that can only be acquired by owning a full set of rank 5 wearables from a single collection.

High Roller Accessories

High Roller ICE accessories can only be acquired by owning a full set of rank 5 All Access wearables from a single collection.

There are currently 2 High Roller accessories:

- ICE Crown
- ICE Scepter

TegridyFarms wearing a Crown and Scepter

These accessories are cosmetic items that unlock exclusive perks such as airdrops, VIP Discord channels, cross-game utility, and more.

Learn more about ICE Poker accessories:

- [What are ICE Poker High Roller Accessories and How Do You Get One?](#)

Teams

Recruit players and build your own ICE Poker team to earn in-game rewards—the better your team performs, the more rewards you earn.

To start your own team, you'll need at least one [All Access wearable](#). As a team owner, you'll earn a share of your player's rewards from Challenge Mode.

The default reward split is:

- 40% to the team owner
- 60% to the player

Upgrade your All Access wearables to earn more rewards and a greater reward split.

ICE Poker also offers tools to manage your players and scale your ICE Poker team such as a Team Dashboard, Player Look Up, and trustless daily payouts.

ICE Poker Team Dashboard

Learn more about ICE Poker teams:

- [How to Start an ICE Poker Team to Earn Rewards](#)

How to Start Playing ICE Poker

Before you can play, you'll need to create an ICE Poker account to hold your wearables, rewards, and other in-game items.

To create a new account, you can either:

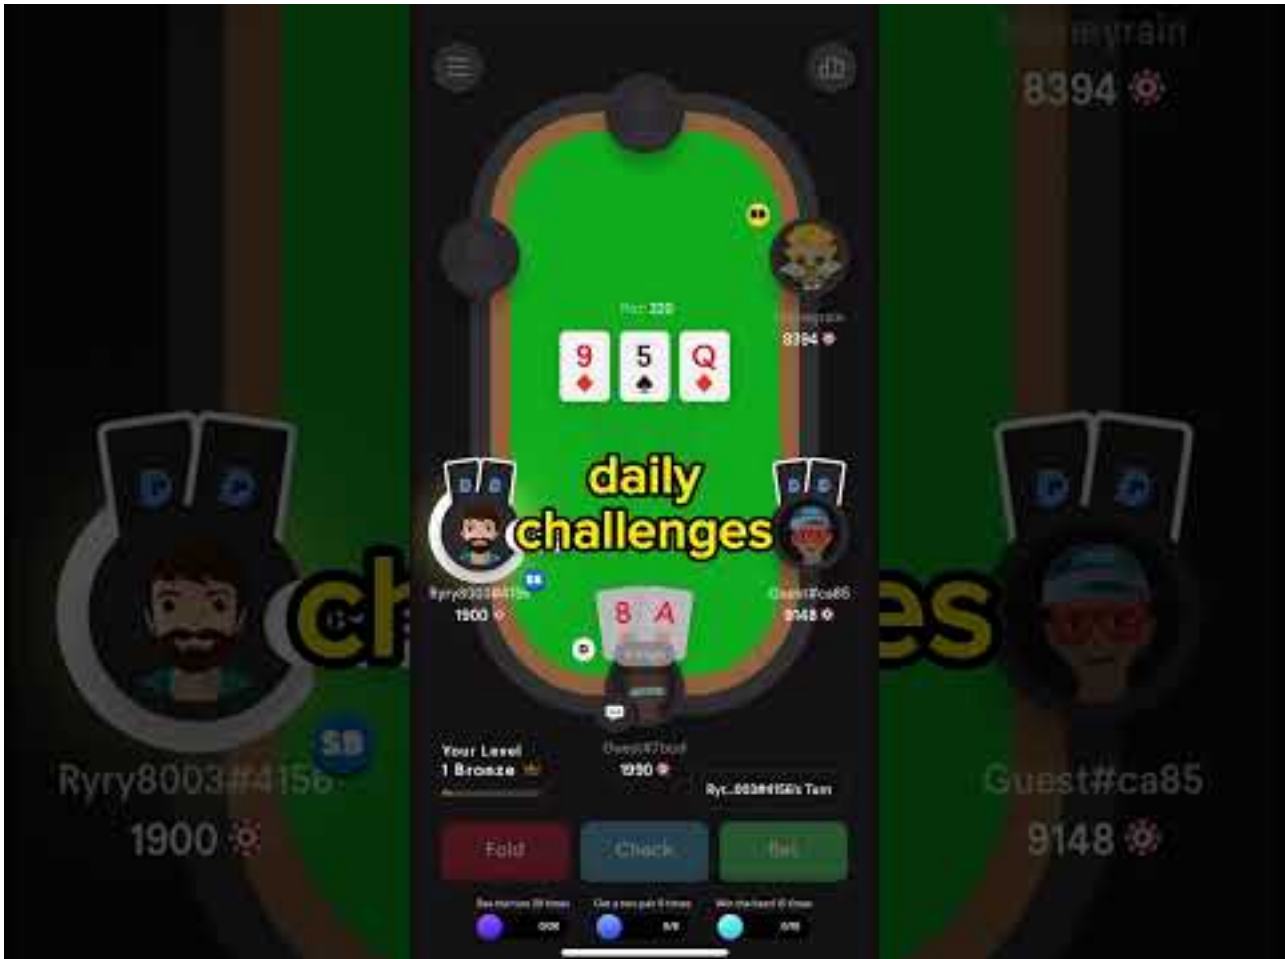

- Sign in using your email, Twitter, or Discord.
- Connect your MetaMask, Coinbase, or Rainbow wallet.

ICE Poker Arcade sign-in

Start Playing Free Play Mode

To start playing Free Play Mode, simply sign into the [ICE Poker Arcade app](#) and start playing.

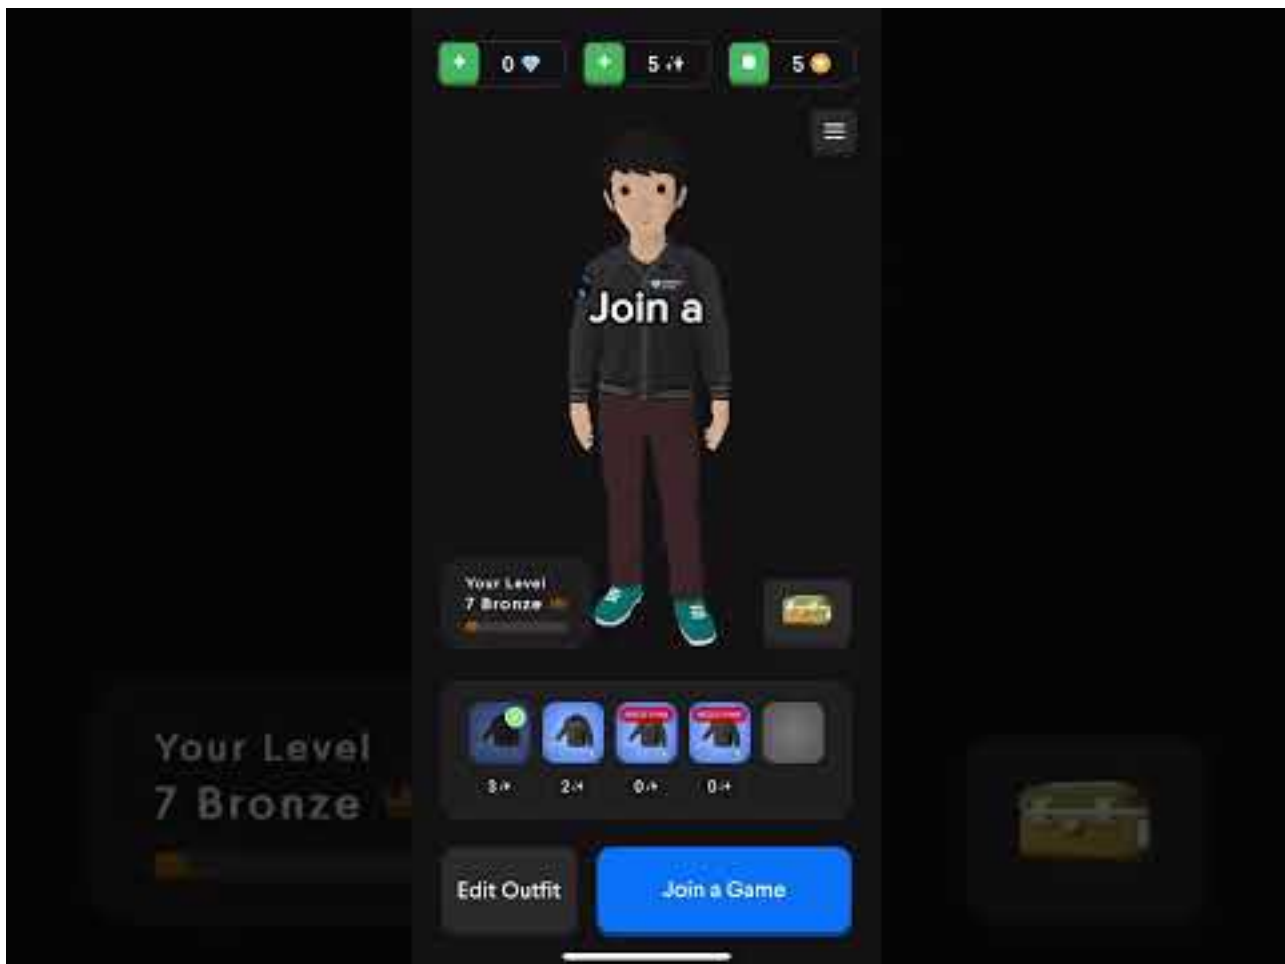

Start Playing Arcade Mode

To start playing Arcade Mode, you can buy an Arcade wearable as a low-cost entry point.

You can buy Arcade wearables for \$5 from the [DG Marketplace](#) or directly in the [ICE Poker Arcade app](#). Arcade wearables come with 9 Shine so you can immediately enter tournaments.

For a walkthrough on how to start playing, check out our [How to Play Arcade Mode guide](#).

Start Playing Challenge Mode

To start playing Challenge Mode, you'll need an All Access wearable. You can get one by:

- Earning one from chests or Arcade Mode.
- Buying one from OpenSea.
- Joining a team to borrow one and start playing for free.

For walkthroughs on how to start playing:

- [How to Buy an All Access Wearable \(video\)](#)
- [How to Join an ICE Poker Team to Play Challenge Mode for Free](#)

Start Your Own ICE Poker Team

To start your own team, you'll need to buy an All Access wearable.

To assign a wearable to your team member, enter the player's ETH address on the [DG Account page](#).

Assign a player to your ICE Poker wearable

Each wearable is individually assigned. For example, you can assign 2 wearables to 2 different players or assign 2 wearables to a single player.

Need Help?

We offer 24/7 support in our [Discord](#). Open a support ticket and our staff can answer all your questions.

.

[\\$ICE Legal Notes](#)

The ICE token (ticker symbol: ICE) is a native cryptographically-secure fungible protocol token of ICE Poker. The ICE token is a transferable representation of attributed utility functions specified in the protocol/code of ICE Poker, and which is designed to be used solely as an interoperable utility token thereon.

ICE is a functional multi-utility token which will be used as the medium of exchange between participants on ICE Poker in a decentralized manner. The goal of introducing ICE is to provide a convenient and secure mode of payment and settlement between participants who interact within the ecosystem on ICE Poker without any intermediaries such as centralized third-party entity/institution/credit.

It is not, and not intended to be, a medium of exchange accepted by the public (or a section of the public) as payment for goods or services or for the discharge of a debt; nor is it designed or intended to be used by any person as payment for any goods or services whatsoever that are not exclusively provided by the issuer.

ICE does not in any way represent any shareholding, participation, right, title, or interest in the Company, the Distributor, their respective affiliates, or any other company, enterprise or undertaking, nor will ICE entitle token holders to any promise of fees, dividends, revenue, profits or investment returns, and are not intended to constitute securities in the British Virgin Islands, Singapore or any relevant jurisdiction. ICE may only be utilized on ICE Poker, and ownership of the same carries no rights, express or implied, other than the right to use ICE as a means to enable usage of and interaction within ICE Poker. The secondary market pricing of ICE is not dependent

on the effort of the ICE Poker team, and there is no token functionality or scheme designed to control or manipulate such secondary pricing.

Further, ICE provides the economic incentives which will be distributed to encourage users to exert efforts towards contribution and participation in the ecosystem on ICE Poker, thereby creating a mutually beneficial system where every participant is fairly compensated for its efforts.

ICE is an integral and indispensable part of ICE Poker, because without ICE, there would be no incentive for users to expend resources to participate in activities or provide services for the benefit of the entire ecosystem on ICE Poker. Given that additional ICE will be awarded to a user based only on its actual usage, activity and efforts made on ICE Poker and/or proportionate to the frequency and volume of transactions, users of ICE Poker and/or holders of ICE which did not actively participate will not receive any ICE rewards.

ICE Distribution

100% of \$ICE's supply was allocated for gaming rewards and DEX liquidity.

Gaming Rewards

90,000,000 \$ICE was minted into the DG Treasury and iceKeeper contract for ICE Poker rewards. This \$ICE will be distributed to players who play ICE Poker and complete daily challenges. The iceKeeper balance will be topped up once this initial allocation runs out.

DEX Liquidity

To allow players easy access to \$ICE, 50,000,000 \$ICE was minted and added to the DG Treasury for providing liquidity in the

•
\$ETH from initial wearable sales will be converted to \$USDC, combined with \$ICE, and deposited into this ICE-USDC pool. The DG Treasury will hold these LP tokens.

DG

What is DG?

is a utility token used to:

Stake for

to unlock higher DG Casino reward tiers

- Activate and upgrade ICE Poker wearables

•
\$DG Legal Notes

The DG token distribution's goal is for \$DG tokens to be consumed and utilized — the Decentral Games ecosystem would fail if all \$DG token holders simply held onto their \$DG and did nothing with it.

In particular, it's highlighted that \$DG:

does not have any tangible or physical manifestation, and does not have any intrinsic value (nor does any person make any representation or give any commitment as to its value);
is non-refundable and cannot be exchanged for cash (or its equivalent value in any other virtual currency) or any payment obligation by the Company, the Distributor or any of their respective affiliates;

does not represent or confer on the token holder any right of any form with respect to the Company, the Distributor (or any of their respective affiliates), or its revenues or assets, including without limitation any right to receive future dividends, revenue, shares, ownership right or stake, share or security, any voting, distribution, redemption, liquidation, proprietary (including all forms of intellectual property or license rights), right to receive accounts, financial statements or other financial data, the right to requisition or participate in shareholder meetings, the right to nominate a director, or other financial or legal rights or equivalent rights, or intellectual property rights or any other form of participation in or relating to the decentral.games ecosystem, the Company, the Distributor and/or their service providers;

is not intended to represent any rights under a contract for differences or under any other contract the purpose or pretended purpose of which is to secure a profit or avoid a loss;

is not intended to be a representation of money (including electronic money), security, commodity, bond, debt instrument, unit in a collective investment scheme or any other kind of financial instrument or investment;

is not a loan to the Company, the Distributor or any of their respective affiliates, is not intended to represent a debt owed by the Company, the Distributor or any of their respective affiliates, and there is no expectation of profit; and

does not provide the token holder with any ownership or other interest in the Company, the Distributor or any of their respective affiliates. Notwithstanding the DG distribution, users have no economic or legal right over or beneficial interest in the assets of the Company, the Distributor, or any of their affiliates after the token distribution.

DG Distribution

1 billion \$DG tokens were minted and will become accessible over the next 6 years.

62% to the community:

33% to DG Treasury: DG Treasury tokens are vested into the DG Treasury. \$xDG holders can vote on these token allocations.

16% to ecosystem support: Ecosystem support tokens will be allocated to help develop new games and incentivize strategic partners to grow the Decentral Games ecosystem.

9% to liquidity incentives: LPs receive \$DG token incentives by providing early liquidity and staking their LP tokens. *(Note: As of November 2021, all of these tokens have been emitted for rewards.)*

2% to governance rewards: \$DG token holders can earn additional \$DG by staking in the governance contract.

- 2% to community airdrop: These tokens will be airdropped to active community members.
-

20% to DG team and future employees with 3-year linear vesting.

18% to early participants with 2-year linear vesting.

xDG

What is xDG?

The \$xDG token is a governance token that unlocks higher and represents your share of ownership of the Decentral Games ecosystem.

To get \$xDG, you'll need to stake \$DG tokens. You can use \$xDG to:

Unlock higher

(up to 35% cashback and 50% referral rewards)
